"Dearest Kim,
How do we even begin to thank you for everything you have done for us. Your helpful advice, constant support, love and attention is so greatly appreciated. You are such an amazing, positive and genuine woman, your concerns and care were felt at all times. The birth of Esme (although not the way it was planned) was still a beautiful experience and I have you to thank for helping us through right until the end, I can't imagine doing it without you. You are most definitely a credit to your profession and I hope that I will be lucky enough to have you as my midwife when we try for our second. We love you very much! THANK YOU!!"

"Dearest Kim-
Words cannot express how grateful we are to have you as part of our journey. Your honesty, compassion, enthusiasm, and insight have been so appreciated. You are a gift to your profession and have been a ray of shining light through your guidance and leadership during this stage of our lives.

Hopefully you will be able to take a night off and enjoy some time at our favourite restaurant. We figure someone should enjoy it since we won't be going there anytime soon -Ha Ha! thank you again, so much!!"

"How can we ever thank you enough for bringing our daughter safely into this world. You made us feel comfortable and easy during a time that was anything but. We feel blessed to have had your insight, support and expertise throughout this time. So, simply put, *THANK YOU *for your gift."

" I just wanted to let you know how much I have appreciated everything you have done for me throughout this pregnancy and afterwards. I know that it is probably just all part of the job for you but it certainly made me feel very at ease and comfortable. I am so fortunate to have had you for my midwife and I will really miss seeing you. I honestly didn't think that I would be able to deliver Kamryn without any drugs but when I found out it was too late just listening to your voice guide me truly got me through. I thank you for that. You will forever have a special place in my memories."
